

Why EURONITE FR Curtain Collection?

Our Euronite FR Curtain Collection is the latest FR Polyester fabric that is as durable as it is luxurious. It is our first 100% blackout fabric designed without a lining yet still maintains superior performance.

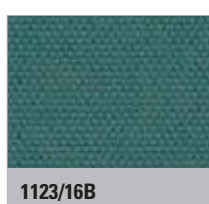

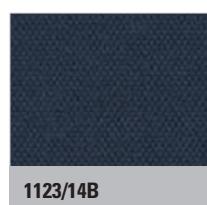

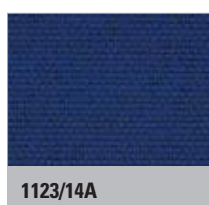

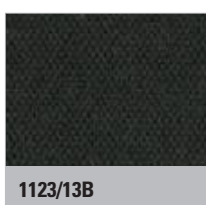

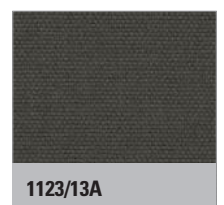

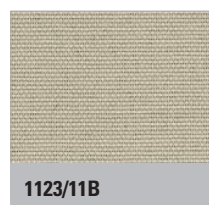

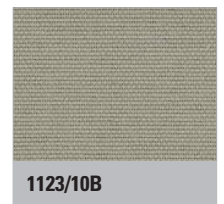

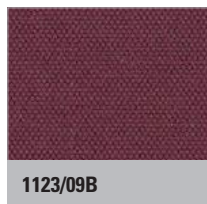

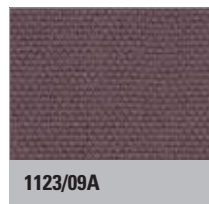

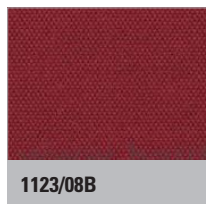

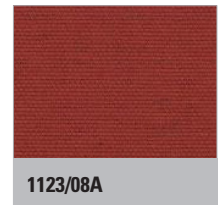

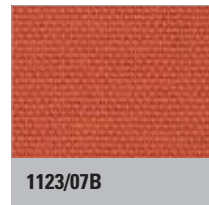

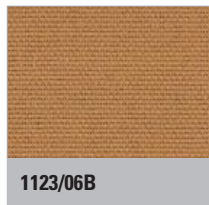

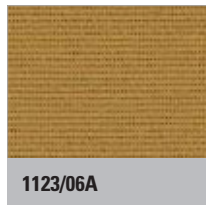

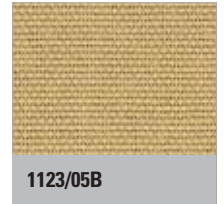

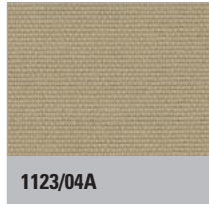

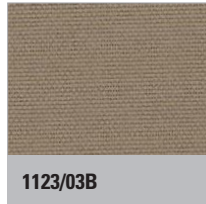

Light penetration is totally eliminated preventing the main colour of the drape being washed out by sunlight. This cohesive colour palette is wonderfully adaptable and provides a touch of contemporary appeal to interior design.

Fabric Specifications

Quality:	100% FR Polyester with colour co-ordinated back
Opacity:	Room Darkening
Weight:	295 gr/m ²
Width:	2800mm
Fire Classifications:	AWTA AS1530.2 1993, AWTA AS1530.3 1993, EN 13773 - C1 IMO
